This year's event will be held at the Whitney Oaks Golf Club in Rocklin, one of Northern California's most spectacular golf destinations. Professional golf legend Johnny Miller and Santa Rosa architect Fred Bliss designed this challenging 6,800-yard course where water or wetlands come into play on every hole.

The event, which will follow safe social distancing requirements, includes green fee, use of driving range prior to the start of the tournament, breakfast, beverages on course, lunch, fun contests, prizes and more. Mulligans, gimmies, and raffle tickets will be available for purchase, and all proceeds go to the Scholarship Fund. Awards to be given for longest drive, closest to the pin, and to teams with the lowest scores and last place.

Don't miss out on this great opportunity to have fun while helping local students become the future of the engineering and environmental professions. **Thank you in advance for your support!**

Sincerely,
