Beale Air Force Base Mission and Infrastructure Outlook

Beale Air Force Base is The Air Force's High-Altitude ISR (intelligence, surveillance, and reconnaissance) Wing providing decision advantage and combat power worldwide to meet the Nation's call, and building ISR professionals to lead into the future. Beale's mission includes U-2 Dragon Lady, The RQ-4 Global Hawk, ground based ISR, and the PAVE PAWS radar system among others. The Beale Air Force Base Mission, past, and future will be discussed, along with the civil engineering challenges and opportunities in the local base environment. Lunch will be provided.

SPEAKERS:

Mr. Calvin Hendrix, GS-14, Deputy Civil Engineer

"Please note that all no-shows will be charged without exception."

REGISTRATION:

Registration is available by using our online [registration link](#). Regular registration ends on Tuesday, April 10, 2018 at 11:59 PM. The late registration/walk in registration period starts Wednesday, April 11 at 12:00AM. Late and walk-in registrations are welcome and will be accommodated to the best of our ability, but food, handouts (if any), seating, etc. cannot be guaranteed as our setup is based on the number of regular registrations. Your help with our events to register early is much appreciated. ADDITIONALLY, persons who register after 11 April will need to arrange their own security access to gain access on base. For this event there are no group registrations or substitutions. Everyone must manage their own registration.
