Event Registration: Steven Herrera, Post President – 916.817.4964 (sherrera@lineenergy.com)

Meeting Sponsor

BCI formed in 1998 with a commitment to excellence. We provide geotechnical/geo-environmental consulting, construction inspection and materials testing, and forensic engineering services from offices in Auburn, West Sacramento, and Fresno, California. We have a strong reputation for quality, and take the time to do things right. BCI concentrates on public sector projects and specializes in dams, levees, roads and bridges, pipelines and water/waste water facilities. We stay current with state and local agency requirements, which translates into efficient analysis, less review time, and practical solutions. BCI served as the Geotechnical Engineer of Record for the Southport Early Implementation Project, and will provide quality assurance materials and laboratory testing during construction
